42-06

Dear Mr. Joyner

The Division of Waste Management, Solid Waste Section, has received your inquiry concerning the application requirements to have the solid waste compost facility permit at Caledonia Prison renewed. As previously indicated to you, the Solid Waste Compost rules do not provide for an abbreviated permit application to renew a permit.

The permit application requirements are located in Section .1405(a) of the Solid Waste Compost Rules. You will need to address each of the items in that section of the rules. You may be able to use the information from your previous application. If you do not have a copy of the rules you may obtain them through the Division web site at <http://www.wastenotnc.org/SWHOME/14RUL.htm>.

If you have any questions about specific items in section .1405 please feel free to contact me at 919-733-0692, ext. 253.

Sincerely,

Ted Lyon, Supervisor
Composting & Land Application Branch

OFFICE MEMORANDUM

MEMORANDUM

TO: Ted Lyon
Solid Waste Section

FROM: Steve Joyner *Steve Joyner*
Caledonia Correctional Institution

DATE: October 14, 2003

RE: Permit Renewal / Compost Facility

Mr. Lyon I am requesting procedures for Permit Renewal for out Type III Compost Facility at Caledonia Correctional Institution. Permit # 42-06. We have not changed operational procedures and are continuing to compost.

If you have any questions feel free to contact me at (252) 826-5621, Ext. 736

Thank you

Steve Joyner
